

### REMARKS

Applicant submits that the present title complies with Rule 1.72 and MPER 606. The present title is consistent with the preambles of independent claim 1 and 7, as well as with the abstract. As such, the title is clearly disruptive. Accordingly, Applicant requests reconsideration and withdrawal of the objection to the title.

Claims 1, 7, 12, 22, and 17 have been amended to incorporate limitations necessary to recite allowable subject matter. All claims are now believed to be allowable.

The foregoing amendment is not intended to be an admission of unpatentability in light of the cited art. Applicant cancels the claims solely to expedite prosecution of this application.

Now pending in this application are claims 1-3, 7-8, 12-16, 19-24, and 28-29, of which claims 1, 7, 12, 19, and 28 are independent. Five independent claims have been paid for and five independent claims remain after the foregoing amendment. Accordingly, no additional fees are believed to be due in connection with the filing of this response. However, to the extent fees are due, or if a refund is forthcoming, please adjust our deposit account 06-1050.

Respectfully submitted,
